TAWAL

GENERAL TRADING

TAWAL INTRODUCTION

- TAWAL ALRIYADAH headquarters is located in the Eastern Province city of Dammam, Saudi Arabia, situated in the center of oil, gas and petrochemical areas like Jubail, Yanbu, Dhahran, Safaniyah, Abqaiq, Qatif and Udhailiyah.
- The core business is mainly to supply all industrial solutions and equipment.
- We also have many exclusive representations with international manufacturers which help us serve our clients with strong presence and timely delivery.
- We are the primary customer interface and are staffed by fully qualified and trained process control specialists and engineers.
- TAWAL ALRIYADAH maintains a strong service organization to provide start-up, configuration, maintenance, troubleshooting and spare parts support for our customers and the in-Kingdom installed base of all our principals' products.

ABOUT US

We are committed to supporting oil, gas, petrochemical, and industrial companies across Saudi Arabia and the Gulf region by supplying high-quality products, competitive pricing, and reliable delivery.

TAWAL ALRIYADAH management has the capability to fulfill end-user requirements around the clock.

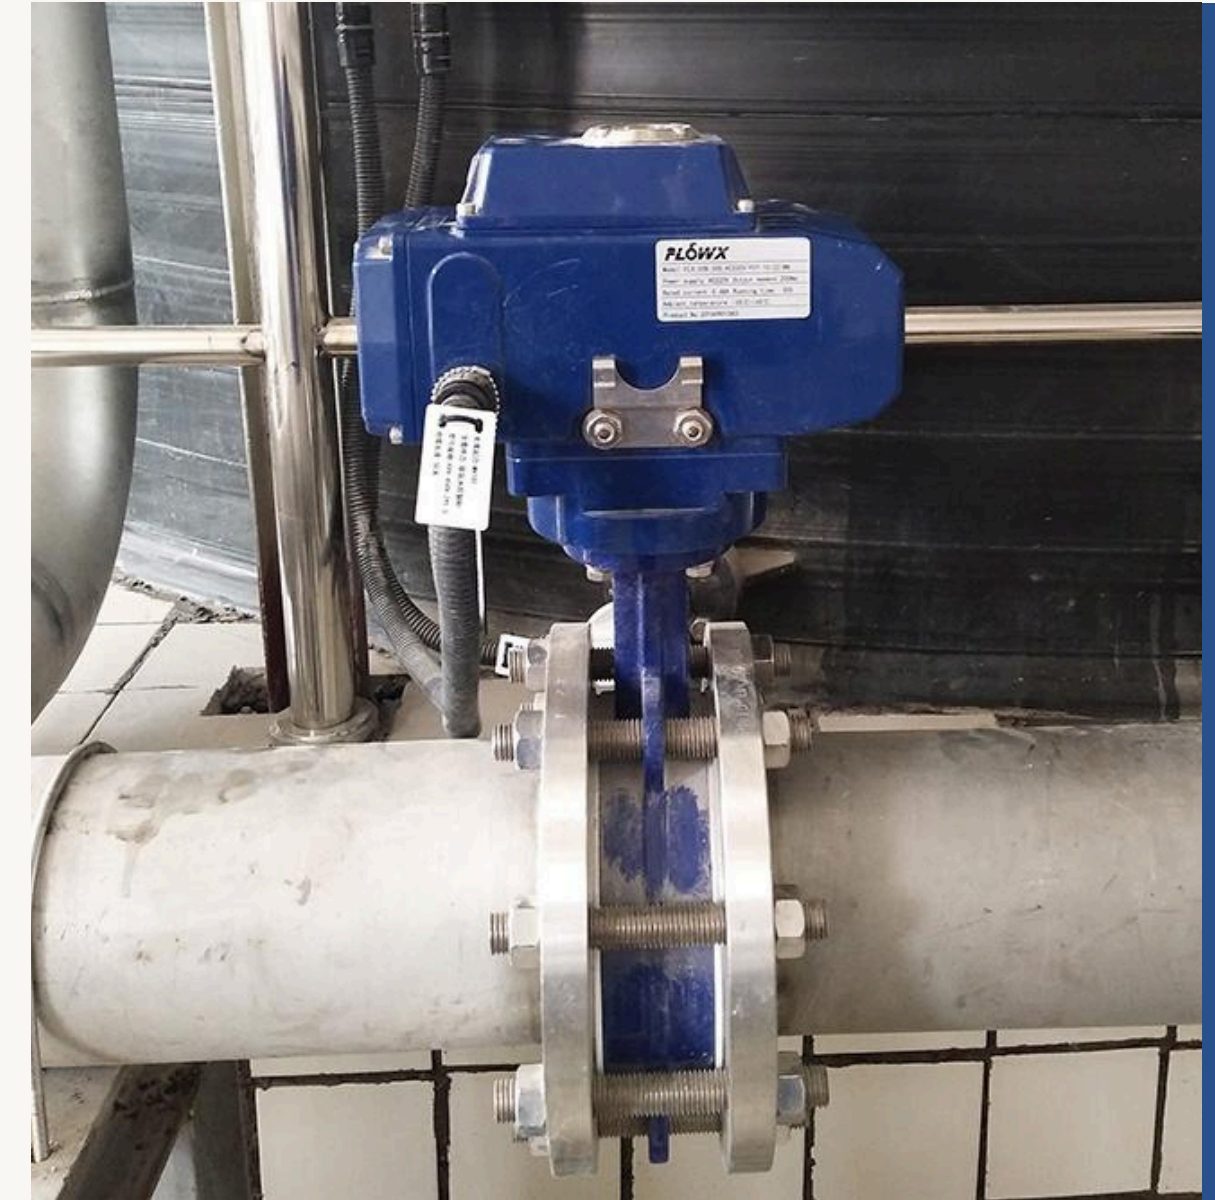

We have established a material forecasting system to support frequent Testing & Inspection (T&I) requirements in advance, helping reduce shutdown periods and lower operational costs for our clients.

Material Supplies: Instrumentation, Mechanical, Electrical, Electronics, Chemicals, Metals, and Transformers.

INDUSTRIAL SUPPLIES

Field Instrumentation & Industrial Solutions

- Pressure, Differential Pressure (DP), Temperature, Level & Flow Transmitters
- Motor Operated Valves (MOV), Pneumatic & Hydraulic Actuators
- Industrial Gauges
- Fiber Optic Cables

ELECTRICAL EQUIPMENT

- Electric Motors
 - UPS & Batteries
 - High, Low & Medium Voltage Cables
 - Industrial Lighting
 - Relays, Breakers & Switches
 - Step-up and Step-down Transformers
 - Generators & Insulators
 - Electrical Spare Parts
-

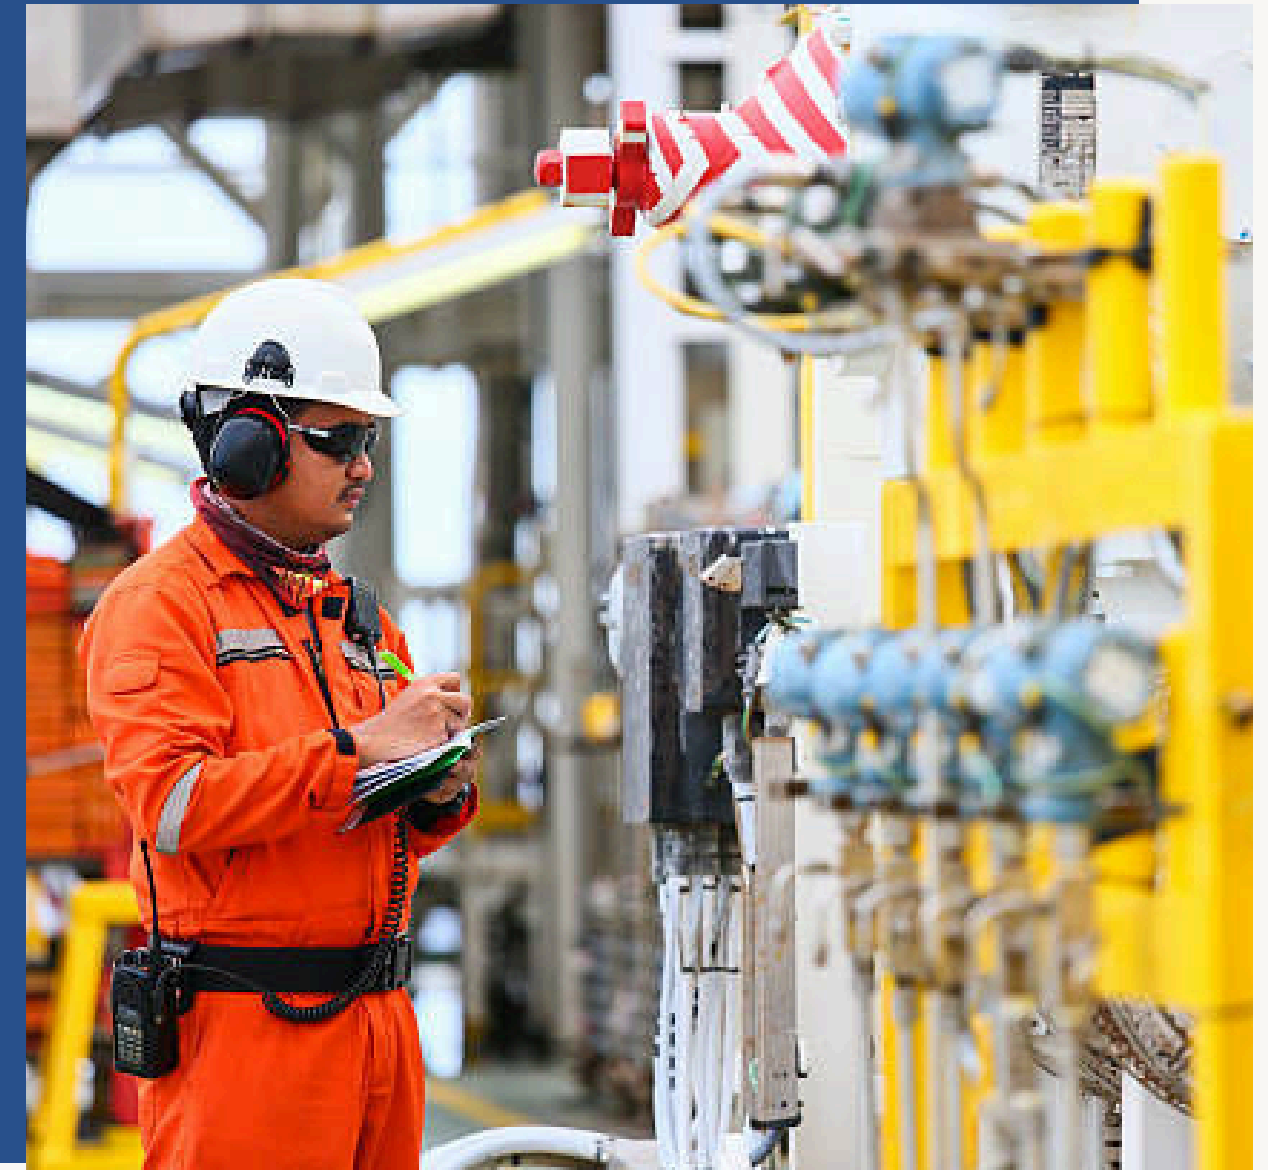

MECHANICAL EQUIPMENT

- Valves
- Pumps
- Compressors
- Bearings
- Filters
- Spare Parts
- All types of pipes and tubs

SAFETY EQUIPMENT

- Specialized Gloves
- Electrical Protection
- Welding
- Fabrication
- Gas Detection

INDUSTRIAL SERVICES

Mechanical

- Workshop (All Types of Fabrication)
 - Revamp & Modification (Reformer Re-tubing, Erection & Replacement of Stationary Equipment)
 - Welding (SMAW, GTAW, P-GMAW, FCAW & GMAW)
 - Process & Pipeline Services (Hydra-tight Onsite, Bolt Torquing & Tensioning)
 - On-line Leak Sealing (All Leak Repairs)
 - Hydro Testing & Hydro Milling
 - Valve Installation
-

INDUSTRIAL SERVICES

Electrical

- Electrical Wiring
 - Motor Troubleshooting
 - Power Transformers (Oil, Dry & Aluminum)
 - Distribution Transformers (Oil, Dry & Aluminum)
 - Motor Rewinding
 - Power Transformer Repair & Maintenance
-
